

# Benefits and Coverages

**How do I include third party insurance in my travel insurance?  
As I have already obtained International Driving Permit from  
local RTO. Do all travel insurance plans include this or which  
company provides this and under which plan?**

The overseas travel policy covers personal liability only, the third party liability arising out of your driving is not covered under any Indian overseas policy. For further clarification, kindly go through the policy wording.
