

General

I am getting the message that no plans are available. What should I do now?

You can change your search criteria like if you are selecting a family option for age above 60, you may not get any plans; then you should look for individual plans. In case of a certain pre existing condition declined by all companies, you may not get any option. There may be certain other scenarios; if it gets too confusing, please give us a call at 8010228899 from 9:00am to 9:00 pm IST or write to us at info@insurancepandit.com.
