

Benefits and Coverages

What are the circumstances under which the condition of minimum 24 hrs hospitalization does not apply?

This condition will not apply in the following cases:

1 the treatment is such that it necessitates hospitalization and the procedure involves specialized infrastructural facilities available in Hospitals.

2 due to technological advances hospitalization is required for less then 24 hours only.

Each company has its own list of day care procedures. You can check the same on our website.
