What is Domiciliary Hospitalization?

Domiciliary Hospitalization means medical treatment for a period exceeding three days for such illness/disease/injury which in the normal course would require care and treatment at a Hospital/Nursing Home but actually taken whilst confined at home in India under any of the following circumstances, namely:

- i) The condition of the patient is such that he/she cannot be removed to the Hospital/Nursing Home or
- ii) The patient cannot be removed to Hospital/Nursing Home for lack of accommodation therein
