

Claim Process

I am not keen to avail of Cash less facility. Can I go in for reimbursement?

Yes. Under the Mediclaim Policy, you can opt for Cash Less as well as Reimbursement. We would advise that in case you are taking treatment from a network hospital, then you should avail of the Cash less facility. This will give you the financial advantage of not paying for your hospital treatment and also gives you more cushion to meet your post-hospitalization expenses.
